# EXOTIC MALACHITE

ışılılı ve geçişli yeşilin tonlarına sahip bir mineral Malakit (Malachite) taşı..  
Bedensel yenileyici ve dönüşümün sembolü.  
Çoğu doğal taşta olduğu gibi malakit taşı da ruhumuzu yenileyen ve güzelleş-  
tiren bir etkiye sahip.

Malakit taşıının kırılganlığı ve sakinleştirici etkisiyle  
ahşabin etnik yapısı ve toprak tonları buluşarak dengeyi oluşturuyor.  
Ve denge, ruhumuzu güzelleştirir.

Ağaç kabuklarındaki geçişli dokuyu malakit taşıının benzer ge-  
çişleriyle sentezleyerek modernize ettim.

Günümüzde en büyük sorumluluğumuz ise sürdürebilir ve fonksiyonel tasa-  
rimlar oluşturmak. Bu yüzden çift taraflı kullanılabilen ürünler tasarladım.
