Blue Heritage

Doğanın bizlere mucizesi olan su, geçmişten günümüze birçok medeniyetin yaşam kaynağı olmuştur. Fakat günümüz şartlarında sularımızın kirlenmesi, azalması gibi olumsuz koşullar yaşanmaktadır. Bu koşulları en aza indirmek, suyun varlığını sürdürmek adına suyun önemine dikkat çekmek hepimizin görevidir. Bu kapsamında Anadolu'nun bizlere miras bıraktığı su motiflerini modernize ederek, onları yaşatmak adına günümüze uyarlamak istedim.

Koleksiyonda Kolombiya'da bulunan Cano Cristales nehrindeki tonları ve yapısından ilham almıştır. Bu göl, 'Cennetin Nehri' olarak bilinir ve dönemsel olarak regaren yosunlar barındırmaktadır. Ayrıca parça baskılarda denizaltı habitatında yer alan öğelere yer verilmiştir. Bu kapsamında yumuşak tonlar tercih edilmiştir.
